## BRISTOW'S SUGAR AMENDMENTS DROPPED AS PART OF BARGAIN

WASHINGTON, Aug. 16.—The tariff came near to splitting the Democratic party in the Senate wide open today. The issue came about on the cotton bill, and the radical wing of the party that has forced the alliance with the insurgent Republicans won. At a caucus that continued until late this evening the Senate Democrats "agreed" to pass a cotton bill, with the Commins amendment reducing the duty on steel.

The effect of this may be a prolonged session, despite the fact that a majority of both houses are ready to quit at any time.

There were three groups of Democratic Senators at the caucus—those favoring the cotton bill alone, another group including the North Carolina and Louisiana Senators and Smith of South Carolina, who opposed the passage of any more tariff legislation, and a third group that favored the passage of the cotton bill with the steel amendment. This group finally won, but when the Senators emerged from the caucus rooms they were as mad as wet hens.

It is part of the bargain that Bristow's sugar amendments will be dropped.

## PICK WAIKANE AS LANDING

As the result of their trip to the windward side of the island yesterday the Board of Harbor Commissioners have decided that the \$7000 appropriated by the last Legislature for a boat landing is to be expended at Waikane. The commissioners looked over three possible sites and picked out this place with the proviso that the county build a road 2000 feet in length in order to connect with the main road.

On that side of the island the flats run right out toward the open sea and there are not many places where even a landing can be made by boats. At Waikane, however, by running the wharf out about four or five hundred feet, twelve feet of water can be got. Whether this will be done or not is now up to the Supervisors. The main road at the present time runs parallel with the beach and unless the connecting spur is built then the new wharf would be useless.

The land through which the road would run is owned by Link McCandless and an Hawaiian. Chairman Marston Campbell, C. J. McCarthy, F. B. McStocker and Emil Berndt made the trip, being taken to Kaneohe by automobile and there picked up by Eben Low in the steamer Mokoli.

## CHINA ASKS 30 MILLIONS INDEMNITY FROM MEXICO

EL PASO, Tex., Aug. 18.—China has officially demanded the payment of \$30,000,000 for the killing of Chinese and the destruction of Chinese property in Mexico in the late revolution, according to Shung Sune, Charge d'Affaires for China in Mexico, who passed through here. He is returning to China, and says he believes the sum will soon be paid.

When asked what would happen if it were not paid, he did not hesitate to say that China would send warships.

Shung Sune passed through Honolulu a few days ago and again reiterated that China will enforce the indemnity demands.

Harry Adams, 24 years old, of Atlantic City, is totally blind from the reflection of a vivid flash of lightning in a looking glass in which he chanced to peer as the bolt streaked across the sky.

Flora D. has been watched with Kahlil Boy for a race to take place at Kapiolani Park on Labor Day.

## BY AUTHORITY

Sent proposals will be received by the City and County Clerk up to September 19, 1911, at 7:30 o'clock p. m., for resurfacing 2298 square yards of Queen street between Port and Alaka streets with a two-inch (2") wearing surface.

Each bidder shall state in his proposal:

1. The material which he proposes to use in the construction of the wearing surface and the specifications under which he agrees to lay the same.

## PINE REFUSE MAKES NUISANCE

The board of harbor commissioners who yesterday made a trip to the windward side of the island report that the beach there is strewn with rotting pineapples and that the stench in some places is almost unbearable.

The matter is to be brought before the board of health with a recommendation that something be done to abate the nuisance. The litter is spread for miles along the beach and is caused as the result of Libby, McNeill & Libby's pineapple cannery having all its refuse taken out to sea and dumped. The currents bring back the refuse and line the beach with it.

The commissioners also found what they thought to be thousands of cans of fruit on the beach. These are defective ones that have swollen up and burst and they also add to the stench. The road passes close to the beach at times and the smell can be noticed by automobile parties passing by.

## JAPANESE EDITORS AGAINST PROPOSED LAW

Japanese here object to being classed with the Chinese in the Dillingham naturalization bill, according to editorial utterances in the Japanese press. Both the Hawaii Shimpō and the Nippon Jiji protest against the terms of the proposed law.

The Nippon Jiji yesterday said: "And now the Dillingham bill means to give the Japanese the same humiliating position in the United States that is given to the Chinese, which attitude tends to incite the indignation of the Japanese people and to strain the friendly relations between the two countries."

"We would like to know," concludes the Nippon Jiji, "what stand the Japanese statesmen will take when the spirit of this new bill is understood by them. We believe it will excite a feeling of strong resentment."

Editor Sheba of the Hawaii Shimpō has an insight to his race in the terms of the bill. In his paper he says: "To treat the Japanese people as belonging to an inferior race is a great insult to the race, one which has never been suffered in the past, and if the United States insists in placing such a slight upon them they should not stay within its territory. That will be accomplished when the Japanese people combine and leave in a body, when the time comes, and that will be a surprise for the United States, for the Japanese are not a people who can have their national pride so wounded without a protest. They will combine in Asia on the principle of Asia for the Asians."

## BERKELEY POET TO SING HIS SONGS HERE

Charles Keeler, the Berkeley poet, who is well known in Honolulu, will soon arrive on a visit and will appear on the evenings of September 7 and 11 reading his own poems. ## SPORTS

## FITZGERALD WILL HAVE HARD RACE

Relay Team Picked As Winners of Coming Race—Big Crowd to Turn Out.

The ten-mile relay race to be run off at the Athletic Park on Labor Day will be the best ever seen on a local track. The race will begin at 4:15 o'clock, soon after the ball game.

Jimmie Fitzgerald has been put back somewhat of late by suffering from sunburn, but yesterday he started out to do his hard work again. Jimmie knows he is up against a hard proposition and is figuring on how he can beat his men. He has sized them up and knows exactly where he must speed up in order to win.

The three men who are to tackle Fitzgerald over the ten-mile relay have been working faithfully right along for the past few weeks and are in excellent condition. The public will no doubt be surprised to see how Scharsch can run. He has improved a lot and today can give Soldier King a run for his money over the five miles.

The relay race will all depend on how much lead Fitzgerald can gain on Scharsch in the last half of the first five miles. If both come out even at the five-mile post, then Jimmie will have little chance of defeating King in the last leg of the race.

The race will be a hard fought one, and no one who loves track events should miss this event, as it will be a race from the word go. Fitzgerald will show the public how he can run when forced to. This everybody was expecting to see in the last fifteen-mile event against King, but he did not put on any sprints, because he was not forced to.

The bets at the present time around town are five to four in favor of the relay team. If Jackson and Scharsch can hang on to the champion Canadian runner during their share of the distance, then Jimmie will need to go some with King, and this is where the public will be treated to one of the finest races of its kind pulled off here.

The winner of the race should make the distance inside of 58 minutes.

## COUNTRY CLUB TOURNAMENT

Golfers Will Turn Out Sunday and Labor Day For Big Events.

Up at the Oahu Country Club, Sunday morning will see the start of a bogey golf tournament, which will begin promptly at 10 o'clock. There will be a big turnout for sure, as it will be the first tournament pulled off there for some time.

On Labor Day there will be another tournament at the club. This time part of the day will be occupied with driving, approaching and putting contests, which will no doubt bring out many entries. All the experts will be on hand, and then some close contests will be pulled off. The special tournament on Monday will start at 10:30 a. m. A special luncheon will be provided and a large crowd is looked for.

Halstead, the man who made a remarkable record at the Haleiwa golf links some time ago, will be on hand at the Country Club and will give the rest of the bunch a run for the honors.

The local golfers are interested in the coming tournament, and all those who can spare the time should be at the golf links. The grounds are in perfect condition, and the clubhouse has been much improved of late.

## FANDOM AT RANDOM

There is some doubt whether Duke Kahanamoku's records for the 50 and 100-yard swimming events will stand good on the Coast. If Bill Rice springs a surprise and breaks or ties the world's record for the 100 yards on September 26, it may also be disregarded by the home office of the A. A. U.

Everybody should give a helping hand to the St. Louis College team by attending the benefit shows at the Park, starting on Monday evening.

The Chinese-Cavalry game to take place on Labor Day is attracting much attention. Both teams are working hard for the occasion.

The Germantown Cricket Club (U. S. A.) defeated the Mitham Cricket Club at London on August 12 by 313 to 258.

The local branch of the A. A. U. will hold a meeting in the Public Service Association rooms on September 18 for the purpose of electing a board of managers for the ensuing year.
